Labor Dispute Between Union Locals Settled

Pickets who have been patrolling in front of Painters' Hall at Mission and Tamalpais avenues in San Rafael since last April 29 were gone today, and they won't be back.

Ended was a jurisdictional dispute between Office and Professional Employees Union Local 3 and Retail Clerks Union Local 1119. The latter has its headquarters in the Painters Union building.

It took a top-level conference of international heads of

both unions to end it. TOP BRASS MEET

Girl Found Beaten To Death On Ship

BOSTON (P)—A secretary of a university professor, returning from the Orient, was victim of violent death on shipboard after the world-girdling vessel left Boston, investigators said today.

The savagely battered body of Lynn Kauffman, 23, pretty Chicago divorcee, was found in Boston harbor Saturday, a day after the Dutch passenger-cargo steamer Utrecht sailed for New York.

The Utrecht cleared Boston at 6:15 p.m. Friday. A conversation was held with the girl, through her cabin door, at 6:55 p.m.

In addition to the crew and a pilot, the ship carried 11 passengers. They included Juanita Spector, wife of Prof. Stanley Spector of Washington University, St. Louis. Professor Spector, who was not aboard, had employed the young woman two years ago as secretary and during the past year as interpreter in his Far East studies.

It was Mrs. Spector who talked with the girl through the door.

Dr. Michael A. Luongo, medical examiner, said of the 100-pound, 5 foot-2 victim's death: "The official cause is drowning. However, she had several multiple blunt injuries about the face, head and other parts of the body, also severe brain injuries which were incurred before she drowned. The multiplicity of the injuries makes me go to the conclusion that this is a case of violence."

State Reorganization Must Be Piecemeal If At All

The proposed reorganization of state government, which was divulged to state department heads recently, immediately ran into trouble. Specifically, the elected officials whose jobs would be abolished, kicked like six steers.

But there were other indications that all was not well with the plan putting eight "agency administrators" in charge of the 40 or more state division directors, who up to now have operated in little kingdoms pretty much their own.

In an effort to anticipate and smooth over some of the rough going, Gov. Pat Brown is sending "task forces" into the various state departments to study their operations and see just what the plan would mean and what, if anything, it would save.

This sounds like a sensible approach. In this way the "task forces" may be able to unearth the real causes of the high cost of government and they may find an even better way of reorganization than did the theoretical experts who conceived the present plan.

But we have a more practical suggestion for the governor, one based on experience.

You might remember that four years * or so ago Assemblyman Ralph Brown went to bat for the public's right to know about goings-on in their government. He introduced a simple little bill which merely said that meetings of all state agencies are open to the public.

Wham!! The roof fell in! Every department of state government ganged up on the bill and it was snowed under.

Two years later - and considerably wiser - Brown introduced something like 122 bills, each one opening the meeting of one particular agency. Each agency fought against its own particular bill, but the whole bunch of them failed to gang up on all 122 bills. As a result, they practically all passed.

Now if Governor Brown can learn anything from Assemblyman Brown it might be to not let the state agencies gang up against him. This would suggest that instead of trying to ram any governmental reorganization plan through as a package deal, that he just lay out a master plan and take on the departments one by one.

This way perhaps he can bring some efficiency and economy to state government through legislation.

How he's going to eliminate elected officials, however, is a different kettle of fish. Then he's not dealing with state agencies, but the public, for he must amend the state constitution. And the public hasn't been too receptive recently to eliminating any of their power to elect their representatives.

Just A Little Needed Now

Some 250 Marin County women are conducting a quickié fund drive tomorrow. They are the members of the county's two League of Women Voters units, in Mill Valley and in San Anselmo.

It isn't much money they are seeking. In fact, when you consider the amount of work and effort they put into their projects, it is surprisingly little.

Between the two units they are asking non-members to contribute only \$700; they are asking members to put up an additional \$400.

This money is all used in service to the community. The leagues sponsor such things as candidate nights, get-outthe-vote campaigns, pros and cons on ballot issues. They are studying local, state and national problems, and try to make their studies as non-partisan as possible.

We hope you will support their efforts if you are asked.

And incidentally, ladies, you might enjoy joining the group and having a look at political events from a different point of view.

MIGHTY GENEROUS OF YOU, NIKITA

I, being a commuter, traveling 18 miles each morning, and back again in the evening, am in constant contact with the subject of highway travel.

something to depict. Slow cars in the fast lane and visa versa. And then to make the situation a little more farcical, here come the 'Little Bugs' (with their sewing machine power plants) trying to pass the slightly slower trucks.

This particular situation is more pronounced on the Walof 15-30 M.P.H. depending on do Grade (UP). What fun we all have converging on the one available lane, if that is still open, while the midget car (with its shall minded driver) makes the supreme effort, in low, low, low gear to complete the pass.

To analyze things further, it does seem ridiculous that cars that pay less for licenses, use less petrol, thereby paying less tax, should be permitted to occupy twice the amount of road.

So remember, if for any reason one is driving slower than they should, pull over! And let the other fellow pass. Thanks!!

The critical weakness of our society is that for the time being our people do not have great purposes which they are united in wanting to achieve. We talk about ourselves these days as if we were a completed society one which has achieved its purposes, and has no further great business to transact.

THE STRENGTH of the Soviet regime, which accounts for its hardness and its toughness and also for its cruelty, is that it is above all else a purposeful society in which all the main energies of the people are directed and dedicated to its purposes. emerged is the constitution of present-day Japan. Largely, it was imposed upon the Japanese by the United States. Today, it is proving a two-edged sword which could upset the whole U.S. defense

concept for the free nations The present constitution was promulgated Nov. 3, 1946, in the comparatively early days after the end of the war. It brought about three fundamental changes in the Japa-

nese political system. It destroyed the theory of the emperor's divinity, it renounced forever war and the threat of war, and it banned the maintenance of land, sea and air forces or other war potential.

U.S. OCCUPATION of Japan ended April 28, 1952, when the Japanese regained their status as a sovereign people. The new constitution long since had shown its weaknesses, but nothing ever had been done to change it, largely due to pressure from the leftist-leaning socialists.

Chief weakness was the clause which forbade Japan ever from maintaining defensive forces.

On June 25, 1950, the Communists invaded South Korea, less than an hour's flying time from the tip of Japan. And on July 9, 1950, Gen. Douglas MacArthur acted in his role of commander-in-chief of occupying forces in Japan and authorized establishment of a 75,000-man "national police reserve."

It was the beginning of a new Japanese army, but it ignored the constitution.

THE CONSTITUTION similarly was ignored in September, 1953, when Premier Shigeru Yoshida's government chase of property bounded by announced formation of a Mary, Mission, Third and 164,000-man land, sea and air

BUCS TO GO ALL OUT AGAINST MILWAUKEE

PITTSBURGH (A)-Manager Danny Murtaugh of the Pittsburgh Pirates said today he's going to throw his best at the Milwaukee Braves, who open a crucial three-game series here tonight.

"I don't care if Los Angeles, Milwaukee or San Francisco wins the pennant," Murtaugh said. "All that we are interested in is that the best National League team wins, and we're going to do everything we can to make Milwaukee earn the pennant if the Braves are going to win.'

Murtaugh said he planned to use Bobby Friend (8-18) against Warren Spahn (19-15) in the opener.

"Then I will use southpaw Harvey Haddix (12-11) Tuesday night and Ronnie Kline (10-13) Wednesday night against the National League cham-

WITH REVOLUTIONARY

TORSION-SPRING SUSPENSION

THAT GIVES ASTONISHING NEW

SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing

to paving every road in America! First they threw out the front axle and put in torsion-spring independent suspension. Then they built coil rear springs into most light-duty models, variablerate leaf springs into heavies. That made it-a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day.

Brawnier bulldozer build!

They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips.

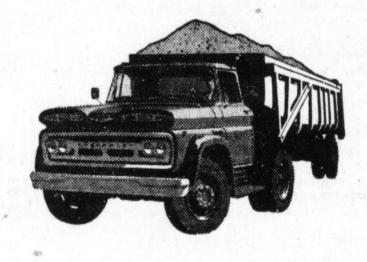

Big in the power department!

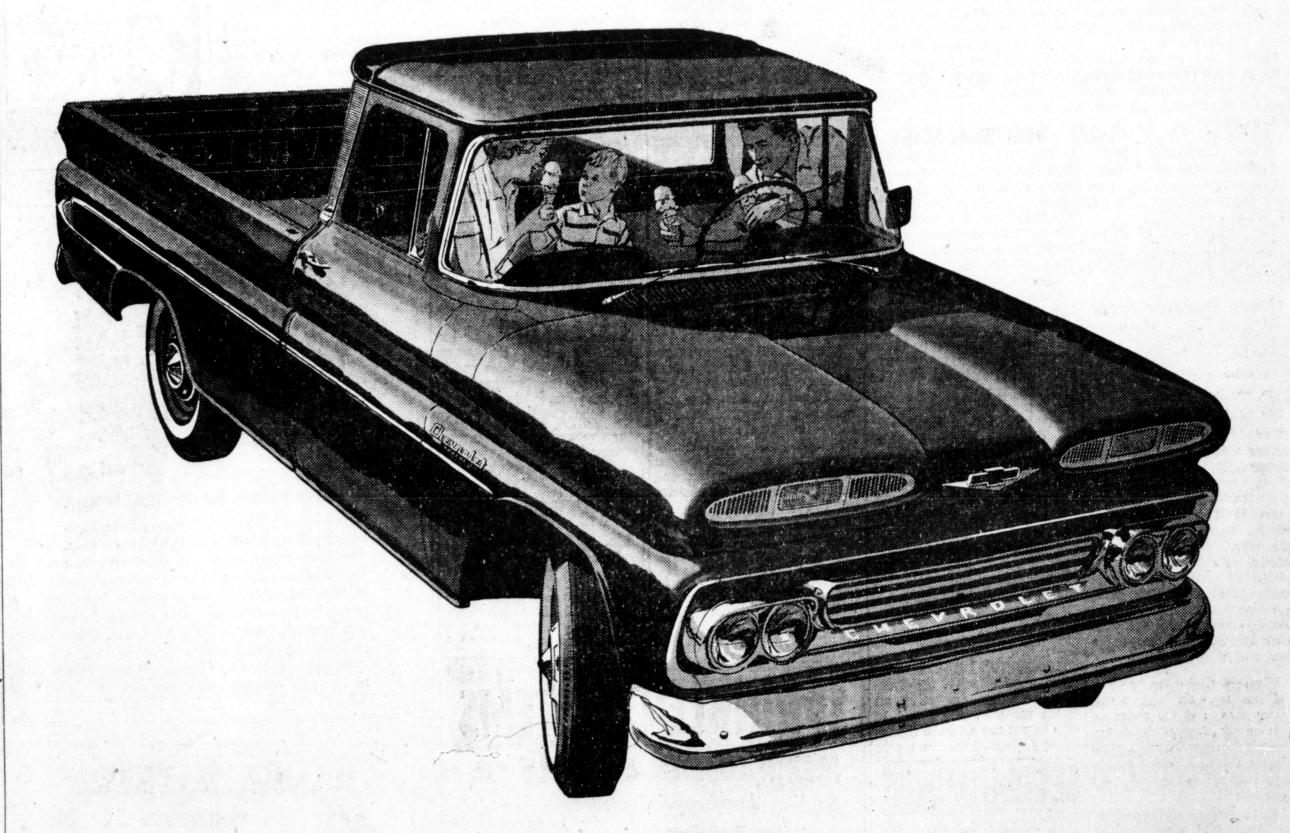

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 per-formance in heavyweights. With new 6-cylinder or V8 power available in new L.C.F. models.

More models than ever!

New 4-wheel-drive models, tandems and high-styled Suburban Carryalls. It's the handsomest, hardiest Chevy fleet ever to report for duty. See your dealer for the whole story, and be sure to take a ride! It's something!

Anything less is an old-fashioned truck!

SAD DAY FOR SAD SAM-Sam Jones (19), ace of the Giants' pitching staff and announced yesterday as the "Most Valuable Giant" in a San Francisco newspaper poll, didn't have it yesterday, and is shown about to leave the mound in the fourth inning as manager Bill Rigney (18) has waved in relief pitcher Johnny Antonelli. Rigney discusses the situation with catcher Hobie Landrith. Antonelli got the side out that inning on one pitch which Dodger Wally Moon hit into a double play.

LAST CRACK OF THE BAT — The sound of bat meeting ball sounded for the last time in historic Seals Stadium yesterday when this picture was taken of Giant shortstop Eddie Bressoud hitting into a game-ending

double play. The Giants had loaded the bases on walks in the bottom of the ninth, but the DP wiped out their chances of a come-from-behind win. Catched is Dodger John Roseboro.

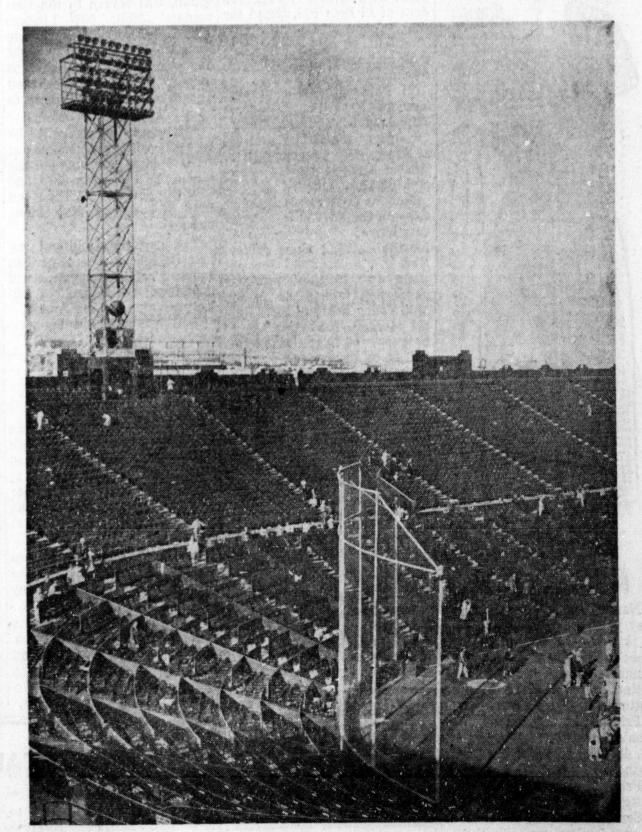

FINAL OUT IN STADIUM — Giants' shortstop Eddie Bressoud races across first base, far too late, as Dodger first sacker Gil Hodges (14) has already completed the game-ending double play and is off toward the dressing

room, ball in glove. On this play, for the last time, an umpire thumbed the and Bryant ballpark.

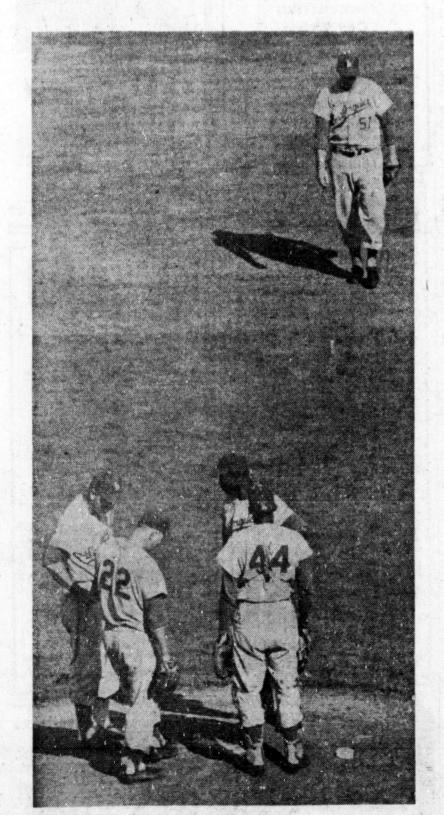

BEGINNING OF THE END — The Giants were still in the game when this play occurred in the top of the 4th inning but the roof was starting to fall in. The Dodgers were ahead only 1-0. Dodger shortstop Maury Wills (30) led off the fourth with a

single and here dives into third on Felipe Alou's wide throw after pitcher Johnny Podres' single. Two bases on balls followed and Giant ace Sam Jones departed with the Giants behind 2-0.

FIMS — The last few stragglers are shown leaving the stadium, which moments later closed forever, to be torn down to make way for industrial development and replaced by San Francisco's new Candlestick Park, future

home of the Giants. The park opened 29 years ago with a San Francisco Seals' victory, but closed on a glum note with yesterday's 8-2 walloping of the Giants by Los Angeles.

SHERRY TO THE RESCUE - The Giants had their biggest threat of the day going when this picture was taken, shown Larry Sherry (51) coming in to relieve Dodger starter and winner Johnny Podres (22) with two on and two out in the Giants' eighth inning. Willie Mays then drew a base on balls and Orlando Cepeda singled home the Giants' only two runs of the day.

Ross P-TA Open House Wednesday

An open house with an opportunity to "meet the teacher", brief discussion concerning the budget for the coming year and a first chance to join the P-TA are foremost on the agenda for Wednesday night's meeting of the Ross Grammar School P-TA at 8 o'clock.

As has been the custom for many years, the P-TA's first meeting launches the membership drive and also allows parents to view their youngster's classroom, meet his teacher, discuss his curriculum and perhaps most important — learn what is expected of the parent in the education of his child.

Membership cards will be on sale in the school's main hall way under the direction of Mrs. Thomas Mulvin. During the evening refreshments will by Mrs. Ralph Priestly with the assistance of Mesdames Donald Jennings, Peter Fitz Hugh, W. H. Howe, Patrick Foster and Lawrence Mayer.

Talk of mental institutions reminded Stephens that the board creates job titles for civil servants.

About 30 years ago, he said, ward attendants in mental institutions were called "asylum corporation transacting attendants." But nobody liked BUSINESS UNDER the word "asylum" so the board changed the title to "hospital attendants." But that didn't hit the nail's head either.
